THE CLEAN AIR PEOPLE

### Description

RAINBOW FILTERS RFM15 – G4 FILTER MEDIA is a disposable polyester media, meeting Australian standards AS 1668 Part 2

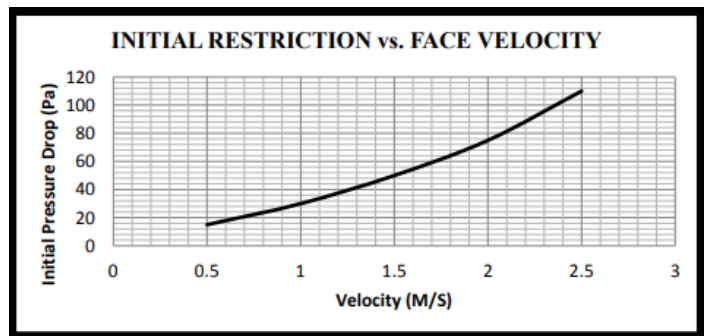

The polyester fibres are thermally bonded together into an interlocking pattern that traps dust and lint, while minimising surface loading.

This media has a nominal thickness of 15mm. It is available in a variety of roll widths.

### Technical Data:

Temperature Resistance :	100°C Continuous
Fire Resistance :	Low flame response
Initial Resistance - At rated flow of 1.8 m/s :	62 Pa
AS1132 No 4 test dust - Average Arrestance :	95%
Dust Holding No 4 test dust : (per unit of effective face area)	240 g/m <sup>2</sup>

ROLLS SIZES			
- RFM15-G4 DISPOSABLE MEDIA -			
Product Code	Nominal Size (WxLxD)	Initial Resistance (Pascals) at 1.8 m/s	Efficiency
RFM15-G4-2000	2000mm x 20m x 15mm	68	G4
RFM15-G4-1220	1220mm x 20m x 15mm	68	G4
RFM15-G4-1000	1000mm x 20m x 15mm	68	G4
RFM15-G4-610	610mm x 20m x 15mm	68	G4
RFM15-G4-508	508mm x 20m x 15mm	68	G4
